Tiptree Performance in 2018

Financial Results for 2018:

- Net income⁽¹⁾ of \$29.9 million vs. \$5.2 million in 2017
- Operating EBITDA⁽²⁾ of \$54.9 million vs. \$60.9 million in 2017
- Adjusted EBITDA⁽²⁾ of \$28.7 million vs. \$38.0 million in 2017

(1) Before non-controlling interest

(2) For a reconciliation to GAAP financials, see “Annex A: Non-GAAP Measures”

During 2018 and early 2019, in furtherance of our strategy to grow sustainable earnings and Adjusted EBITDA, we executed on several strategic objectives:

Overall: Generate enhanced risk-adjusted long-term returns for shareholders

- Delivered total annual return of 9.6% for 2018, as measured by growth in book value per share plus dividends paid.
- On April 10, 2018, we completed a corporate reorganization that eliminated Tiptree’s dual class stock structure.
- In 2018, we returned \$19.2 million to investors through \$14.2 million of share buy-backs and \$5.0 million of dividends paid.
- As of March 11, 2019, we purchased and retired 1,472,730 shares of common stock for an additional \$9.1 million through open market purchases and block purchases.

Insurance: Grow insurance business while maintaining strong underwriting performance

- Specialty Insurance continued to grow as gross written premiums for 2018 were \$868.1 million, an increase of 13.0% over 2017 results. Net written premiums were \$466.8 million, an increase of 11.7%, driven by growth in credit and other specialty products.
- On March 28, 2018, we expanded into Europe with the creation of Fortegra Europe Insurance Company Limited.

Tiptree Capital: Grow and refine investments within Tiptree Capital

- On February 1, 2018, we sold our senior living assets to Invesque in exchange for a net 16.6 million shares of Invesque common stock. Tiptree’s increase to book value was \$1.16 per share including a pre-tax \$10.7 million earnout gain recognized in December 2018.
- Consistent with our total return objectives, throughout 2018 we invested \$50.0 million in shipping sector at what we believe is a favorable point in the cycle.
- In 2019, we began re-positioning our asset management platform, by agreeing to invest \$75 million to seed new investment funds in exchange for management control of and a profit participation in Tricadia.

Additional information on our 2018 results is contained in our Annual Report on Form 10-K for the year ended December 31, 2018 filed with the SEC.

TIPTREE LONGTERM PERFORMANCE

We believe that our performance is best measured over the longterm and that longterm growth in book value per share plus dividends paid is the best metric for evaluating our performance. The table below shows growth in book value per share plus dividends paid annually and since inception (July 2007) during the five year period from December 31, 2013 to December 31, 2018:

Year	Book Value Per Share ⁽¹⁾	Dividends Paid	Tiptree Annual Return	S&P Annual Return	Tiptree Annualized Return from July 2007	S&P 500 Annualized Return from July 2007
2013	\$ 9.07	—	11.0 %	32.4%	13.3%	5.6%
2014	\$ 9.00	—	-0.8 %	13.7%	11.5%	6.6%
2015	\$ 8.90	\$ 0.10	0.0 %	1.4%	10.2%	6.0%
2016	\$ 10.14	\$ 0.10	15.1 %	12.0%	10.7%	6.6%
2017	\$ 9.97	\$ 0.12	-0.5 %	21.9%	9.6%	8.0%
2018	\$ 10.79	\$ 0.135	9.6 %	-4.4%	9.6%	6.8%

(1) At inception in 2007, book value per share was \$5.36. For periods prior to April 10, 2018, book value per share assumes full exchange of the limited partner units of Tiptree Financial Partners, L.P. (“TFP”) for common stock.

The chart below summarizes our book value per share growth and stock price performance over the five year period from December 31, 2013 to December 31, 2018, compared with the Russell 2000 and S&P 500, with all values indexed to December 31, 2013. During this five year period, our book value per share plus dividends paid increased at a compounded annual rate of return of 4.5%, compared with a compounded annual rate of return of 4.4% for the Russell 2000. Our stock has continued to trade at a discount to book value and has not followed the trajectory of our growth in book value per share. At year end 2018, our common stock was trading at 61% of book value.

(1) This disclosure is in addition to the SEC required performance graph, which is included on page 44.

COMPENSATION HIGHLIGHTS

Our executive compensation program is intended to provide competitive compensation to our named executive officers that is aligned with the interests of our stockholders on a short- and long-term basis. We measure performance for compensation purposes primarily based on Adjusted EBITDA and growth in book value per share.

- Executive Committee (collectively, the Executive Chairman and Chief Executive Officer) total compensation was \$3.2 million for 2018 or 0.51% of total revenues.
- 71% of Executive Committee 2018 compensation was variable compensation and 45% was at risk
- Total direct compensation increased 0.6% due to an increase in salary, partially offset by lower annual incentive payout in 2018
- Options are tied to stock price plus dividends paid exceeding book value per share as of the option grant date.

Executive Committee compensation for 2018 consisted of base salary, annual cash incentive, RSU awards and options. Base salaries are fixed and set by our CNG Committee. The Executive Committee compensation pool in 2018 was equal to 7.5% of our Adjusted EBITDA, allocated as follows:

Annual Cash Incentive Award	
Cash Bonus	55%
Annual Long Term Equity Incentive	
3-year cliff vested RSUs	30%
Time and performance based options	15%

During the three-year period set forth in the table below, we believe that total Executive Committee compensation has been well aligned with our financial performance. The table below excludes amounts reported in the “All Other Compensation” column of the Summary Compensation Table for the applicable year. See “Compensation Discussion and Analysis — Named Executive Officers — Executive Compensation (CNG Perspective)” on page 25 for additional information.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What is the purpose of the meeting and how does the Board recommend I vote on these proposals?

The purpose of the Annual Meeting is for stockholders to vote on the following proposals, which are included in this Proxy Statement. Tiptree's Board recommends that you vote your shares as indicated below.

	<u>PROPOSALS</u>	<u>THE BOARD'S VOTING RECOMMENDATIONS:</u>	<u>Page</u>
1.	To elect two (2) Class III directors to serve for a term expiring at the 2022 Annual Meeting (Proposal 1);	"FOR" each nominee for director (Proposal 1)	18
2.	To ratify the selection of Deloitte & Touche LLP ("Deloitte") as our independent registered public accounting firm for the fiscal year ending December 31, 2019 (Proposal 2);	"FOR" (Proposal 2)	20

Other than the proposals described in this Proxy Statement, the Board is not aware of any other matters to be presented for a vote at the Annual Meeting. If you grant a proxy by telephone, Internet, or by signing and returning your proxy card, any of the persons appointed by the Board of Directors as proxy holders — Sandra Bell and Neil C. Rifkind — will have the discretion to vote your shares on any additional matters properly presented for a vote at the Annual Meeting. If any of our nominees is unavailable as a candidate for director, the above-named proxy holders will vote your proxy for another candidate or candidates as may be nominated by the Board of Directors.

Who is entitled to vote at the meeting?

If our records show that you were a holder of our common stock at the close of business on April 18, 2019, which is referred to in this proxy statement as the "record date," you are entitled to receive notice of the Annual Meeting and to vote the shares of common stock that you held on the record date.

How many shares can vote?

As of the close of business on the record date of April 18, 2019, there were 34,517,710 shares of common stock of Tiptree Inc. ("Tiptree" or the "Company") issued and outstanding. There are no other classes of voting securities outstanding. You are entitled to one (1) vote for each share of common stock you held as of the close of business on the record date.

What constitutes a quorum?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares entitled to vote are represented at the Annual Meeting. As of the close of business on the record date of April 18, 2019, there were 34,517,710 shares outstanding and entitled to vote. Thus, 17,258,856 shares must be represented at the Annual Meeting to have a quorum.

Your shares will be counted towards the quorum if you vote in person at the Annual Meeting or if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee). Additionally, abstentions and broker non-votes will also be counted towards the quorum requirement. If there is no quorum, the Chairman of the Annual Meeting may adjourn the meeting until a later date.

How do I obtain admission to the Annual Meeting?

All stockholders at the close of business on the Record Date are invited to attend the Annual Meeting. All stockholders planning to attend the Annual Meeting in person must reserve a seat by May 23, 2019 by contacting us at (212) 446-1400 or IR@tiptreeinc.com. For admission, stockholders should come to the Annual Meeting check-in area no less than 15 minutes before the Annual Meeting is scheduled to begin. Stockholders of record should bring a form of photo identification so their share ownership can be verified. A beneficial owner holding shares in “street name” must also bring an account statement or letter from his or her bank or brokerage firm showing that he or she beneficially owns shares as of the close of business on the record date, along with a form of photo identification. The Annual Meeting will begin at 4:00 p.m., local time on May 30, 2019.

How do I vote?

- For Proposal 1 (election of directors), you may either vote “**FOR**” all of the nominees to the Board of Directors or you may “**WITHHOLD**” your vote for all of the nominees or for any nominee that you specify.
- For Proposal 2 (ratification of the appointment of Deloitte), you may vote “**FOR**” or “**AGAINST**” such proposal or “**ABSTAIN**” from voting.

The procedures for voting are set forth below:

Stockholder of Record: Shares Registered in Your Name. If you are a stockholder of record, you may vote in person at the Annual Meeting or vote by giving your proxy authorization over the Internet, by telephone or by properly completing, signing and dating the accompanying proxy card where indicated and mailing the card in the postage paid envelope provided. **Whether or not you plan to attend the Annual Meeting, we encourage you to vote by proxy or to give your proxy authorization to ensure that your votes are counted.** You may still attend the Annual Meeting and vote in person if you have already voted by proxy or given your proxy authorization.

- **VOTE BY INTERNET** — You may vote by internet at www.proxyvote.com. Use the Internet to transmit your voting instructions and for electronic delivery of information up until 11:59 PM Eastern Time on May 29, 2019. Have your proxy card in hand when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form.
- **VOTE BY PHONE** — You may vote by calling 1-800-690-6903. Use any touch-tone telephone to transmit your voting instructions up until 11:59 PM Eastern Time on May 29, 2019. Have your proxy card in hand when you call and then follow the instructions.
- **VOTE BY MAIL** — Mark, sign and date your proxy card and return it in the postage-paid envelope we have provided or return it to Tiptree Inc., Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717.
- **VOTE IN PERSON** — You may vote in person by attending the Annual Meeting. At the meeting, you will need to request a ballot to vote. See “How do I obtain admission at the Annual Meeting” for additional information.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Nominee. If your shares of common stock are held by a broker, bank or other nominee (i.e., in “street name”), you will receive instructions from your nominee, which you must follow in order to have your shares of common stock voted. Such stockholders who wish to vote in person at the Annual Meeting will need to obtain a proxy form from the broker, bank or other nominee that holds their shares of common stock of record.

We encourage you to receive all proxy materials in the future electronically to help us save printing costs and postage fees, as well as natural resources in producing and distributing these materials. If you wish to receive these materials electronically next year, please follow the instructions on the proxy card.

How is my vote counted?

If you vote through the Internet, by phone or properly execute the accompanying proxy card, and if we receive it by 11:59 p.m., Eastern Time, on May 29, 2019, the shares of common stock that the proxy represents will be voted in the manner specified on the proxy. If no specification is made in the proxy, your shares of common stock that the proxy represents will be voted in accordance with the recommendations of our Board of Directors set forth in this proxy statement. It is not anticipated that any matters other than those set forth in the proxy statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders. In addition, no stockholder proposals or nominations were received on a timely basis, so no such matters may be brought to a vote at the Annual Meeting.

What vote is needed to approve each proposal?

- **For Proposal 1** (election of directors), the vote of a plurality of all of the votes cast at the Annual Meeting, assuming a quorum is present, is required for the election of a director. Therefore, the two nominees for director receiving the most “FOR” votes will be elected. For purposes of the vote on Proposal 1, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.
- **For Proposal 2** (ratification of the appointment of Deloitte), the affirmative vote of a majority of all of the votes cast at the Annual Meeting, assuming a quorum is present, is required for approval of Proposal 2. For purposes of the vote on Proposal 2, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.

How are “broker non-votes” and abstentions treated for purposes of the proposals?

Under the laws of Maryland, the state of Tiptree’s incorporation, abstentions generally do not constitute a vote “for” or “against” any matter being voted on at the Annual Meeting and generally will not be counted as “votes cast.” Therefore, abstentions and “broker non-votes” will have no effect on any of the proposals.

Brokers, banks, or other nominees that have not received voting instructions from their clients cannot vote on their clients’ behalf with respect to “non-routine” proposals, but may vote their clients’ shares on “routine” proposals. Proposal 1 (election of directors) is a non-routine proposal. Proposal 2 (ratification of appointment of Deloitte) is a routine proposal. In the event that a broker, bank, or other nominee indicates on a proxy that it does not have discretionary authority to vote certain shares on a non-routine proposal, then those shares will be treated as broker non-votes. Abstentions and broker non-votes will be treated as present for the purpose of determining the presence of a quorum.

What other information is part of this proxy statement?

The proxy materials include a letter to stockholders and our 2018 Annual Report which is comprised of the 2018 10-K. The 2018 10-K and this Notice and Proxy Statement and Form of Proxy are available, free of charge, on our website at <http://www.tiptreeinc.com>. The information found on, or accessible through, our website is not incorporated into, and does not form a part of, this proxy statement. **You may also obtain a copy of our 2018 Annual Report or the 2018 10-K, free of charge, by directing your request in writing to Tiptree Inc., 299 Park Avenue, 13th Floor, New York, New York 10171, Attn: Secretary, or by calling our corporate number at (212) 446-1400.** Our other filings made with the SEC are also accessible on our website and available at no charge on the SEC’s website at <http://www.sec.gov>.

Can I change my vote after I submit my proxy card or give instructions over the Internet or telephone?

Yes. If you are the record holder of your shares, you may revoke your proxy in one of three ways:

- filing a written notice revoking the proxy with our Secretary at our address;
- signing and forwarding to us a proxy with a later date; or
- appearing in person and voting by ballot at the Annual Meeting.

Whether or not you vote using a traditional proxy card, through the Internet or by telephone, you may use any of those three methods to change your vote. Accordingly, you may change your vote either by submitting a proxy card prior to or at the Annual Meeting or by voting again before 11:59 p.m., Eastern Time, on May 29, 2019, the time at which the Internet and telephone voting facilities close. The later submitted vote will be recorded and the earlier vote revoked. If you attend the Annual Meeting, you may vote in person whether or not you have previously given a proxy, but your presence (without further action) at the Annual Meeting will not constitute revocation of a previously given proxy.

If your shares are held by your broker, bank or other nominee, you should follow the instructions provided by your broker, bank or nominee.

How can I determine the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. The Board of Directors and its Committees

Our business and affairs are overseen by our Board of Directors pursuant to the Maryland General Corporation Law (the "MGCL") and our Bylaws. Members of the Board of Directors are kept informed of the Company's business by participating in Board and committee meetings, by reviewing materials provided to them and through discussions with the Chairman and CEO and with key members of management.

The Company has elected to be subject to Section 3-804(c) of the MGCL (the "Opt-In"), which is a common practice among Maryland corporations with classified boards. As a result of the Opt-In, the Board has the exclusive right to fill vacancies on the Board, and any director elected by the Board to fill a vacancy will hold office for the remainder of the full term of the class of directors in which the vacancy occurred and until his or her successor is elected and qualified.

The average age of our directors, including our director nominees, is 62 years. The average tenure of our directors, including our director nominees as of the 2019 Annual Meeting, is expected to be approximately 6 years.

Our Board of Directors presently consists of six members: Michael G. Barnes, Paul M. Friedman, Lesley Goldwasser, Jonathan Ilany, John E. Mack, and Bradley E. Smith. The Board of Directors has affirmatively determined that Messrs. Friedman, Mack and Smith and Ms. Goldwasser are independent as that term is defined in NASDAQ Marketplace Rules and SEC regulations.

The Board of Directors currently has two standing committees: an Audit Committee and a Compensation, Nominating and Governance Committee (the "CNG Committee").

During fiscal 2018, our Board of Directors held nine meetings, the Audit Committee held eight meetings and the CNG Committee held eight formal meetings and several informal discussions among the members of the CNG Committee and its independent compensation consultant. All of our directors during fiscal 2018 attended at least 75% of the aggregate number of meetings of our Board of Directors and each committee of the Board of Directors on which they served during fiscal 2018.

Audit Committee

Our Board of Directors has established an audit committee that meets the definition provided by Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Currently the Audit Committee is comprised of our four independent directors: Messrs. Friedman, Mack and Smith and Ms. Goldwasser. The current Audit Committee members satisfy the definition of independence set forth in the NASDAQ Marketplace Rules and Rule 10A-3 under the Exchange Act. Mr. Mack is the Chairman of the Audit Committee and was determined by our Board of Directors to be an "audit committee financial expert" as that term is defined in the Exchange Act.

The Audit Committee is responsible for overseeing:

- our accounting and financial reporting processes;
- the quality and integrity and audits of our consolidated financial statements, and accounting and reporting processes;
- our compliance with legal and regulatory requirements;
- the qualifications and independence of our independent registered public accounting firm; and
- the performance of our independent registered public accounting firm and any internal auditors.

The Audit Committee is also responsible for engaging the independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by the independent registered public accounting firm and considering the range of audit and non-audit fees.

Compensation, Nominating and Governance Committee

The CNG Committee is comprised of our four independent directors: Messrs. Friedman, Mack and Smith and Ms. Goldwasser. Mr. Friedman has been Chairman of the CNG Committee since August 2016.

The CNG Committee is responsible for:

- establishing our corporate goals and objectives relevant to the Executive Committee's compensation, reviewing the Executive Committee's performance in light of such goals and objectives and evaluating and approving the performance of, and the compensation paid by the Company to, the Executive Committee in light of such goals and objectives;
- reviewing and evaluating the performance of, and recommending to the Board of Directors the compensation of, our executive officers other than the Executive Committee, considering our corporate goals and objectives and evaluating the performance of such executive officers in light of such goals and objectives;
- overseeing the compensation policies and programs of our non-executive officer employees to determine whether such compensation policies and programs are functioning effectively and do not create any unreasonable risk to the Company, as well as reviewing the appropriateness of the compensation practices to determine if they are reasonably likely to have a material adverse effect on the Company;
- reviewing, evaluating and recommending to the Board of Directors any incentive plan or material revision thereto, and administering the same;
- reviewing and approving the disclosure regarding our compensation and benefit matters in our proxy statement and Annual Report;
- identifying, recruiting and recommending to the full Board of Directors qualified candidates for election as directors and recommending a slate of nominees for election as directors at the annual meeting of stockholders;
- developing and recommending to the Board of Directors corporate governance guidelines and policies;
- recommending to the Board of Directors compensation for service as directors in accordance with our corporate governance guidelines;
- overseeing the evaluation of the structure, duties, size, membership and functions of the Board of Directors and its committees and recommending appropriate changes to the Board of Directors; and
- establishing procedures to exercise oversight of the evaluation of the Board of Directors and its committees and members (including a self-evaluation).

The CNG Committee has the authority to retain, at the Company's expense, independent legal, accounting and other consultants, advisors and experts that it reasonably determines to be necessary or appropriate to assist the committee in the performance of its responsibilities. For 2018, the CNG Committee engaged Compensation Advisory Partners LLC ("CAP") as its independent compensation consultant to help advise it on the design of our executive compensation program and the compensation opportunities thereunder. See "Use of Independent Compensation Consultant" below for further details on the services provided by our independent compensation consultant in 2018.

The following table sets forth information regarding the compensation paid to, or earned by our directors, during fiscal 2018:

- (1) Includes amount paid, or granted, as applicable, to our independent directors under our Non-Employee Director Compensation Program described below, including amounts that were instead paid in shares of our common stock as a result of a director's election to receive shares.
- (2) Represents the grant date fair value of shares granted, as recognized by the Company for financial statement reporting purposes in the fiscal year ended December 31, 2018 in accordance with Accounting Standards Codification 718 — *Compensation — Stock Compensation*. See Note 18 to the consolidated financial statements contained in the 2018 10-K.
- (3) Messrs. Barnes and Ilany receive no compensation in connection with their service on our Board. The compensation that they receive in their capacity as Executive Chairman and Chief Executive Officer, respectively, is included in the Summary Compensation Table below.

Non-Employee Director Compensation Program

In fiscal 2018, each director other than Messrs. Barnes and Ilany received an annual retainer of \$50,000, plus \$6,250 per quarter for attending each quarterly Board of Directors meeting (for total meeting fees of \$25,000 per year), plus \$75,000 in immediately vested shares of our common stock. These shares are granted in arrears with the number of shares based on the volume weighted average price for the ten trading days prior to the end of the quarter. The grant date closing market price of our common stock for each quarterly payment on each of 4/12/2018, 7/2/2018, 10/2/2018 and 1/3/2019 was \$6.40, \$7.00, \$6.51, and \$5.52, respectively. The Chair of the Audit Committee receives an additional annual retainer of \$15,000 and the chair of the CNG Committee receives an additional annual retainer of \$10,000. The annual retainer payable to our independent directors is payable quarterly in arrears. In addition, we reimburse all directors for reasonable out-of-pocket expenses incurred in connection with their services on our Board of Directors.

Principal Executive Officer Pay Ratio

Set forth below is a reasonable estimate of the ratio of annual total compensation of the Company's principal executive officer ("PEO") to the median of the annual total compensation of all employees, other than the PEO. The Company views the Executive Committee, consisting of Mr. Barnes, its Executive Chairman, and Mr. Ilany, its Chief Executive Officer, collectively as the Company's PEO.

In 2018, we identified the median employee (such person, the "Median Employee") by using as our consistently applied compensation measure, 2018 gross earnings, as reported on Form W-2 ("W-2 gross earnings"), for all individuals who were employed by the Company and its subsidiaries on December 31, 2018, other than our principal executive officers. We included all employees, whether employed on a full-time, part-time or seasonal basis, and we did not annualize the compensation of any full-time employee who was employed for less than the full 2018 calendar year. We believe that the use of W-2 gross earnings is an appropriate measure by which to determine the Median Employee because it accurately represents annual compensation earned by our employees.

The Company believes there has not been a change in its employee population or employee compensation arrangements during fiscal year 2018 or in the Median Employee's circumstances that would significantly impact the pay ratio disclosure. As such, the Company is calculating the pay ratio using the same Median Employee that it used in the prior year. Furthermore, the Company is using the same methodology that the Company uses for its

NEOs as set forth in the “Totals” column in the NEO compensation table under “Compensation Discussion and Analysis—Named Executive Officers” above.

Messrs. Barnes and Ilany had 2018 annual total compensation of \$1,280,657 and \$2,160,054 respectively, as reflected in the Summary Compensation Table included in this Proxy Statement under “Executive Compensation—Summary Compensation”. Using the same methodology used to calculate Messrs. Barnes and Ilany’s 2018 total compensation in the Summary Compensation Table, our Median Employee’s total compensation for 2018 was \$54,771.39. As a result, we estimate that Messrs. Barnes’ and Ilany’s 2018 annual total compensation was approximately 23 times and 39 times, respectively, that of our Median Employee.

Because the SEC rules for identifying the median of the annual total compensation of our employees and calculating the pay ratio based on the employee’s annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio for the Company.

Corporate Governance Guidelines

Our Board of Directors has adopted Corporate Governance Guidelines that address significant issues of corporate governance and set forth procedures by which our Board of Directors carries out its responsibilities. Among the areas addressed by the Corporate Governance Guidelines are director qualification standards, director responsibilities, director relationships and access to management and independent advisors, director compensation, director orientation and continuing education, management succession, annual performance evaluation of the Board of Directors and management responsibilities. Our CNG Committee is responsible for assessing and periodically reviewing the adequacy of the Corporate Governance Guidelines and will recommend, as appropriate, proposed changes to the Board of Directors.

Code of Business Conduct and Ethics

Our Board of Directors has adopted a Code of Business Conduct and Ethics that applies to our directors, executive officers (including our principal executive officer and principal financial and accounting officer) and employees, as well as employees of any person or its affiliates that provide services to us. The Code of Business Conduct and Ethics was designed to assist our directors, executive officers and employees, as well as employees of any person or its affiliates that provide services to us, in complying with the law, resolving moral and ethical issues that may arise and in complying with our policies and procedures. Among the areas addressed by the Code of Business Conduct and Ethics are compliance with applicable laws, conflicts of interest, use and protection of our Company’s assets, confidentiality, communications with the public, accounting matters, record keeping and discrimination and harassment.

We intend to satisfy our disclosure obligations under Item 5.05 of Form 8-K related to amendments or waivers of the Code of Business Conduct and Ethics by posting such information on our corporate website.

Stockholder Engagement and Communications with our Board of Directors

We have discussions with a variety of our stockholders throughout the year including one-on-one meetings and participation at investor conferences. In addition, we have a process by which stockholders and other parties may communicate with our Board of Directors, our independent directors as a group or our individual directors. Any such communications may be sent to our Board of Directors in writing and should be directed to the Board of Directors, a committee, the independent directors as a group, or an individual director at Tiptree Inc., 299 Park Avenue, 13th Floor, New York, NY, 10171, Attn: Secretary, who will forward all such communications on to the intended recipient. In addition, stockholder communications can be directed to our Board of Directors, a committee, the independent directors as a group or an individual director by calling our Corporate Governance Hotline at (844) 877-5474. Any such communications may be made anonymously.

Director Attendance at Annual Meetings

Pursuant to our Corporate Governance Guidelines, we expect each member of our Board of Directors to attend each annual meeting of stockholders. Last year, all of the directors, except Ms. Goldwasser, attended the annual meeting of stockholders.

Identification of Director Candidates

As stated in the CNG Committee Charter, the CNG Committee assists our Board of Directors in identifying and reviewing director candidates to determine whether they qualify for membership on the Board and for recommending to the Board nominees to be considered for election at our annual meeting of stockholders.

In making recommendations to our Board of Directors, the CNG Committee considers such factors as it deems appropriate. Though the Company does not have a formal policy addressing diversity, the Board of Directors and the CNG Committee believe that diversity is an important attribute of the members who comprise our Board of Directors and that members should represent an array of backgrounds and experiences and should be capable of articulating a variety of viewpoints. As such, directors should have diversity with respect to background, skills and expertise, industry knowledge and experience. The CNG Committee uses the following general criteria for identifying director candidates:

- Directors should possess senior level management and decision-making experience;
- Directors should have a reputation for integrity and abiding by exemplary standards of business and professional conduct;
- Directors should have the commitment and ability to devote the time and attention necessary to fulfill their duties and responsibilities to the Company and its stockholders;
- Directors should be highly accomplished in their respective fields, with leadership experience in corporations or other complex organizations, including government, educational and military institutions;
- In addition to satisfying the independence criteria described in the Corporate Governance Guidelines, independent directors should be able to represent all stockholders of the Company;
- Directors who are expected to serve on a committee of the Board of Directors shall satisfy applicable legal requirements and other criteria established by any securities exchange on which our common stock is listed; and
- Directors should have the ability to exercise sound business judgment to provide advice and guidance to the Chief Executive Officer and Executive Chairman with candor.

The foregoing general criteria apply equally to the evaluation of all potential independent and management director nominees, including those individuals recommended by stockholders.

The Board of Director's assessment of a director candidate's qualifications also includes consideration of diversity, age, skills and experience in the context of the needs of the Board of Directors.

Our CNG Committee may solicit and consider suggestions of our directors or our management regarding possible nominees. Our CNG Committee may also procure the services of outside sources or third parties to assist in the identification of director candidates.

Our CNG Committee may consider director candidates recommended by our stockholders. Our CNG Committee will apply the same standards in considering candidates submitted by stockholders as it does in evaluating candidates submitted by members of our Board of Directors or our management. Any recommendations by stockholders should follow the procedures outlined under "Additional Information — Stockholder Proposals" in this proxy statement and in our Bylaws.

Executive Sessions of Independent Directors

In accordance with our Corporate Governance Guidelines, the independent directors serving on our Board of Directors are given an opportunity at each meeting to meet in executive session without the presence of any directors or other persons who are part of our management. Our executive sessions were chaired by our Lead Director, Ms. Goldwasser. Interested parties may communicate directly with our Lead Director or our independent directors as a group through the process set forth above under “Communications with our Board of Directors.”

Current Board Leadership Structure

Our Board of Directors is led by Michael G. Barnes, the Chairman of our Board of Directors, and our Executive Chairman.

Because the Chairman of the Board of Directors is not independent, the Board of Directors appointed Ms. Goldwasser to serve as the Company’s Lead Director and preside at executive sessions of the independent directors and at meetings of the Board of Directors when the Chairman is not present.

To help ensure that the Board of Directors carries out its oversight responsibilities, our Corporate Governance Guidelines require the Board of Directors as a whole to maintain independence from management. Pursuant to the Corporate Governance Guidelines, a majority of the Board of Directors must be independent. As of the date hereof, four of our current six directors have been determined to be independent.

Board’s Role in Risk Oversight

Our Board of Directors oversees our business in general, including risk management and performance of the Executive Chairman, Chief Executive Officer and other members of senior management, to assure that the long-term interests of the stockholders are being served. Each committee of our Board of Directors is also responsible for reviewing the risk exposure related to such committee’s areas of responsibility and providing input to senior management on such risks.

Management and our Board of Directors have a process to identify, analyze, manage and report all significant risks facing us. Our Executive Chairman and Chief Executive Officers will regularly report to the Board of Directors on significant risks facing us, including legal, financial, operational and strategic risks. The Audit Committee reviews with senior management significant risks related to the Company and periodically reports to the Board of Directors on such risks.

In addition, pursuant to its charter, the Audit Committee is responsible for reviewing and discussing the Company’s business risk management process, including the quality and integrity of the Company’s financial statements, and accounting and reporting processes, the Company’s compliance with legal and regulatory requirements, the independent registered public accounting firm’s qualifications and independence, and the performance of the Company’s internal audit function. Furthermore, the Audit Committee evaluates key financial statement issues and risks, their impact or potential effect on reported financial information and the process used by management to address such matters. At each Audit Committee meeting, management briefs the committee on the current business and financial position of the Company, as well as such items as internal audits and independent audits.

Compensation Risk Assessment

The CNG Committee assessed our compensation policies and practices to evaluate whether they create risks that are reasonably likely to have a material adverse effect on the Company. Based on its assessment, the CNG Committee concluded that the Company’s compensation policies and practices, in conjunction with the Company’s existing processes and controls, do not create incentives to take risks that are reasonably likely to have a material adverse effect on the Company.

CNG Committee Interlocks and Insider Participation

The following non-employee directors are the current members of the CNG Committee of the Board of Directors: Messrs. Friedman, Mack and Smith and Ms. Goldwasser. During 2018, none of the Company’s executive

officers served as a director or member of the corporate governance committee of any other entity whose executive officers served on the Company’s Board of Directors or CNG Committee.

Vote Required and the Recommendation of the Board

The vote of a plurality of all of the votes cast at the Annual Meeting, assuming a quorum is present, is necessary for the election of each Class III director. Therefore, the two nominees for director receiving the most “FOR” votes will be elected. For purposes of the election of directors, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We are asking our stockholders to ratify our audit committee's appointment of Deloitte & Touche LLP ("Deloitte") as our independent registered public accounting firm for the fiscal year ending December 31, 2019. Deloitte has audited our financial statements as of and for the year ended December 31, 2018 and 2017. A representative of Deloitte will be present at the Annual Meeting, will be given the opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

Audit and Non-Audit Fees

The following table presents the approximate aggregate fees billed by Deloitte, our independent registered public accounting firm for services performed with respect to fiscal 2018 and 2017 beginning on March 31, 2017, and KPMG, our independent registered public accounting firm until April 20, 2017, for services performed with respect to the three months ended March 31, 2017:

	Deloitte 2018	Deloitte Q2-Q4 2017	KPMG Q1 2017
Audit Fees ⁽¹⁾	\$3,503,000	\$3,790,000	\$2,485,666
Audit-Related Fees ⁽²⁾	\$853,000	\$513,500	—
Tax Fees ⁽³⁾	\$1,275,000	\$1,412,000	—
All Other Fees ⁽⁴⁾	—	—	\$120,000
Total Fees	\$5,631,000	\$5,715,500	\$2,605,666

(1) Fees related to our annual audit, review of our quarterly reports on Form 10-Q, and review of documents filed with the SEC.

(2) Fees related to procedures associated with the adoption of new accounting standards, due diligence related to acquisitions, and other attest services not required by statute or regulation.

(3) Fees related to tax compliance services and tax preparation services.

(4) Fees for other incidental expenses.

Pre-Approval Policies and Procedures of the Audit Committee

The Audit Committee has sole authority (with the input of management) to approve in advance all engagements of our independent registered public accounting firm for audit or non-audit services. All services provided by Deloitte in 2017 and 2018 were pre-approved by the Audit Committee. The Audit Committee has determined that the non-audit services provided by the Company's independent registered public accounting firms are compatible with maintaining the accounting firm's independence.

Ratification

The Board of Directors asks stockholders to ratify the selection of Deloitte as our independent registered public accounting firm. Stockholder ratification of the appointment of Deloitte as our independent registered public accounting firm is not required by our Bylaws or other governing documents. However, the Board of Directors is submitting the appointment of Deloitte to the stockholders for ratification as a matter of good corporate governance. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another registered public accounting firm. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Vote Required and the Recommendation of the Board

The affirmative vote of a majority of all of the votes cast at the Annual Meeting, assuming a quorum is present, is required for approval of Proposal 2. For purposes of the vote on Proposal 2, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (“CD&A”) describes our executive compensation philosophy and program, and the decisions made by our CNG Committee with respect to the same for 2018. The discussion below is intended to help you understand the detailed information for our named executive officers (“NEOs”) provided in the executive compensation tables that follow this discussion and to help place the specific pay decisions made for 2018 in context within our overall compensation program. Our current NEOs are Michael Barnes, our Executive Chairman, Jonathan Ilany, our Chief Executive Officer, Sandra Bell, our Chief Financial Officer, and Neil Rifkind, our General Counsel and Secretary.

Guiding Principles and Compensation Policies

Tiptree’s executive compensation program is intended to reward our leadership for performance and to align our leadership’s interests with those of our other stockholders on an annual and long-term basis. Our CNG Committee has developed the following guiding principles for our executive compensation program:

- Pay for performance with a significant percentage of compensation tied to the Company’s performance, including by tying a significant portion of the equity compensation of our NEOs to the Company’s goals of generating long-term stockholder value;
- Align executive compensation with stockholder interests;
- Provide incentives to close the gap between the Company’s book value per share and stock trading price;
- Balance rewarding short-term and long-term performance to focus on long-term value creation;
- Retain current management, encourage loyalty and effectively attract new executives over time by providing competitive levels of compensation; and
- Make our executive compensation practices transparent.

Consistent with the foregoing, our executive compensation program has three primary elements: salary, performance-based annual cash incentive awards and annual long-term equity incentive awards. As described further in the table below, each element of our compensation program is tailored to incentivize performance in a specific area that we believe will promote sustained economic value over time. In addition, on a case by case basis, the Company has awarded initial cash or equity grants to attract talented executives.

Element	Form of Compensation	Pay for Performance	Primary Objectives
Base Salary	Fixed Cash	Adjustments to base salary take into account individual performance	Attract and retain talented executives while avoiding a high fixed cost structure
Annual Cash Incentive Awards	Variable Cash	Awards based on an earnings metric of the Company as adjusted by the CNG Committee and individual performance	Reward the achievement of key short-term metrics
Annual Long-Term Equity Incentive Awards	Variable Equity	Awards based on an earnings metric of the Company as adjusted by the CNG Committee and individual performance	Align executive interests with long-term stockholder value
	Restricted stock units (“RSUs”) subject to time-based vesting	Time-based vesting encourages retention; potential increased value gained through stock appreciation	
	Time- and performance-based options	Time-based vesting encourages retention; potential value gained is dependent on sustained stock trading price increase	

Our CNG Committee is responsible for our executive compensation program design and administration, including evaluation of management performance and a review of our compensation programs and awards. Tiptree is managed by a management Executive Committee consisting of Michael G. Barnes, our Executive Chairman and Jonathan Ilany, our CEO. The Executive Committee is responsible for strategic planning, capital allocation among Tiptree’s businesses, overseeing M&A activity and risk management. Our Executive Committee provides the CNG Committee with preliminary recommendations for the discretionary elements of the compensation of the NEOs other than those on the Executive Committee. However, the CNG Committee approves the compensation for all NEOs, including the Executive Chairman and CEO.

Below is a summary description of the Company’s significant compensation policies.

What We Do

- ✓ Pay for performance
- ✓ Grant equity-based awards as a significant portion of our NEOs annual variable compensation
- ✓ Mitigate risk through a clawback policy
- ✓ Individual grant limits under our omnibus equity plan
- ✓ Use an independent compensation consultant
- ✓ Prohibit NEOs from shorting, pledging or hedging Tiptree stock
- ✓ CNG Committee reserves right to exercise negative discretion

What We Don’t Do

- ✓ No perquisites to NEOs other than reimbursement of medical and transportation costs and home IT network
- ✓ No Section 280G or 409A tax gross-ups
- ✓ No defined benefit pensions or supplemental retirement programs
- ✓ No recycling of shares used to pay the taxes on vested RSUs
- ✓ No guaranteed bonus arrangements with our NEOs
- ✓ No repricing of underwater stock options

We mitigate risk, in part, through our Incentive Compensation Clawback Policy. If the Company files an accounting restatement, then, with respect to any recipient of an award under the Company's plans whose misconduct led to the restatement, the CNG Committee may, at its discretion, require any bonus (whether in the form of cash, RSUs or options) paid or granted to such recipient based on the incorrect financial statements, be repaid to the Company in an amount determined by the CNG Committee. In addition, any bonus (whether in the form of cash, RSUs or options) paid or granted to the recipient will be subject to clawback to the maximum extent required to comply with the Dodd-Frank Act.

Named Executive Officers

Our NEOs are the executive officers whose compensation is discussed in this CD&A and whose compensation is shown in the compensation tables that follow this CD&A in this proxy statement. For 2018, our NEOs are listed in the table below, which shows the base salary and incentive compensation awarded to our NEOs for their performance in 2018 in the manner that it was considered by the CNG Committee. When we refer to total compensation figures of our NEOs as they relate to 2018 in this CD&A we are referring to annual base salary paid in 2018, and cash bonuses and equity awards granted for 2018 performance but paid or granted, as applicable, in early 2019.

For purposes of determining equity grants to our NEOs, our CNG Committee starts with a dollar amount (the "Par Value") and determines the number of shares or options based on the volume weighted average price (the "VWAP") of the Company's common stock for the 10 trading days prior to the grant date. The amounts presented below with respect to the stock awards and option awards are the Par Value of such grants. These amounts differ from the amounts for the same columns included in the Summary Compensation Table because they are valued using a different valuation method and because SEC rules require us to include the grant date fair value of equity awards based on the date of actual grant rather than the performance year in which they were earned. For example, the awards shown in the Summary Compensation Table for 2018, 2017 and 2016 were granted in each of those years but were based on 2017, 2016 and 2015 performance, respectively.

For 2016 and 2017, Mr. Barnes was an employee of Tricadia. Accordingly, Mr. Barnes was not directly compensated by Tiptree. See "Certain Relationships and Related Transactions — Transactions with Related Persons". Effective February 1, 2018, Mr. Barnes entered into an employment agreement with Operating Company and began to receive compensation from Tiptree.

(2) Mr. Barnes did not receive compensation directly from Tiptree for 2016 and 2017. See “Certain Relationships and Related Transactions — Transactions with Related Persons — Tricadia.”

(3) Ms. Bell’s stock award amounts for performance years 2018, 2017 and 2016 represent the Par Value of the RSU issuances on February 26, 2019, February 26, 2018 and February 22, 2017, respectively. All unvested RSUs vest ratably over three years on February 15 of each year.

(4) Mr. Rifkind’s stock award amounts for performance years 2018, 2017 and 2016 represent the Par Value of the RSU issuances on February 26, 2019, February 26, 2018 and February 22, 2017, respectively. All unvested RSUs vest ratably over three years on February 15 of each year.

(5) For all NEOs other than Mr. Ilany, this represents premiums paid by the Company to our group health insurance provider under a medical expense reimbursement plan in 2017 and 2018 (the “MERP”). Mr. Ilany’s \$78,606 of other compensation in 2017 consists of \$8,640 attributable to the MERP, \$26,075 attributable to travel reimbursements and \$25,002 attributable to reimbursement for taxes associated with such travel reimbursements and \$18,888 that the Company paid in connection with maintaining the IT infrastructure in Mr. Ilany’s home office. Mr. Ilany’s \$35,025 of other compensation in 2016 consists of \$11,815 attributable to travel reimbursements, \$11,060 attributable to reimbursement for taxes associated with such travel reimbursements and \$12,150 that the Company paid in connection with maintaining the IT infrastructure in Mr. Ilany’s home office.

Use of Independent Compensation Consultant

The CNG Committee engaged CAP to serve as its independent compensation consultant during 2018. CAP received instructions from, and reported to, the CNG Committee on an independent basis. CAP was also authorized by the CNG Committee to share with and request and receive from management specified information in order to prepare for CNG Committee meetings.

The CNG Committee requested CAP’s advice on a variety of matters, including the design of our executive compensation program and the compensation opportunities under it, compensation strategy, market comparisons, pay and performance alignment, the advisability of peer benchmarking, executive pay trends, compensation best practices, compensation-related legislative updates and related rulemaking, and compensation plan designs and

modifications. The CNG Committee met with CAP, both with and without management present, on several occasions during 2018 with respect to compensation decisions for 2018 performance. The CNG Committee assessed the independence of CAP pursuant to SEC and NASDAQ rules, and concluded that no conflict of interest exists that would prevent CAP from independently representing the CNG Committee. During 2018, CAP did not provide any services to the Company or its affiliates other than advising the CNG Committee on executive officer compensation.

The CNG Committee does not currently use benchmarking or comparative data in making compensation decisions.

2018 Company Performance

During 2018 and early 2019, in furtherance of our strategy to grow sustainable earnings and Adjusted EBITDA, we executed on several strategic objectives:

Overall:

- Delivered total annual return of 9.6% for 2018, as measured by growth in book value per share plus dividends paid.
- On April 10, 2018, we completed a corporate reorganization that eliminated Tiptree's dual class stock structure.
- In 2018, we returned \$19.2 million to investors through \$14.2 million of share buy-backs and \$5.0 million of dividends paid.
- As of March 11, 2019, the Company purchased and retired 1,472,730 shares of its common stock for \$9.1 million through open market purchases and block purchases.

Insurance:

- Specialty Insurance continued to grow as gross written premiums for 2018 were \$868.1 million, an increase of 13.0% over 2017 results. Net written premiums were \$466.8 million, an increase of 11.7%, driven by growth in credit and other specialty products.
- On March 28, 2018, we expanded into Europe with the creation of Fortegra Europe Insurance Company Limited.

Tiptree Capital:

- On February 1, 2018, we sold our senior living assets to Invesque in exchange for a net 16.6 million shares of Invesque common stock. Tiptree's increase to book value was \$1.16 per share including a pre-tax \$10.7 million earnout gain recognized in December 2018.
- Consistent with our total return objectives, throughout 2018 we invested \$50.0 million in shipping sector at what we believe is a favorable point in the cycle.
- In 2019, began re-positioning our asset management platform, by agreeing to invest \$75 million to seed new investment funds in exchange for management control of and a profit participation in Tricadia.

2018 Compensation Highlights

Compensation of our NEOs is largely driven by the financial and strategic performance of the Company. Total compensation of our NEOs related to fiscal 2018, as detailed in the summary table above, was approximately \$5.2 million. In approving the compensation program and awards for 2018, the CNG Committee considered a number of factors including, but not limited to, the responsibilities of the executives' positions, the executives' experience and contributions, the competitive marketplace for executive talent and corporate performance.

Consistent with Tiptree's pay for performance philosophy, NEO pay mix is heavily weighted toward variable, performance-based pay, which ties a large portion of compensation to the achievement of our long term performance objectives. The charts below illustrate the fixed versus variable mix of compensation for our NEOs in 2018. As seen in the illustration below, for 2018, only 29% of compensation was fixed for the Executive Committee while 71% was variable, of which 32% was at risk. Only 42.50% of the compensation of the other current NEOs at year-end was fixed while 57.50% was variable, of which 11.50% was at risk.

Fixed compensation consists of base salary and other guaranteed reimbursements such as travel and information technology reimbursements and the premiums paid for executives under our medical expense reimbursement plan, or MERP. Variable compensation consists of any award based on performance and CNG Committee determination (including negative discretion) and at-risk compensation consists of any cash or stock award subject to forfeiture.

2018 Executive Compensation Program and Decisions

Consistent with our compensation philosophy, our 2018 executive compensation program had three primary elements: base salary, performance-based annual cash incentive awards and annual long-term equity incentive awards. Although each element of compensation described below was considered separately, our CNG Committee made its determinations regarding each individual component of the compensation program in the context of the aggregate effect on total compensation for each NEO. For the NEOs, incentive compensation for services in a fiscal year was paid or granted, as applicable, in the first quarter of the following year.

Base Salary

The CNG Committee’s philosophy is to maintain base salaries at a modest level and to use short- and long-term incentive compensation as the primary form of compensation for the NEOs. The 2018 base salaries for the NEOs were as follows:

Name	Base Salary
Michael Barnes	\$300,000
Jonathan Ilany	\$600,000
Sandra Bell	\$400,000
Neil Rifkind	\$375,000
Total	\$1,675,000

Except for Mr. Barnes, 2018 base salaries for the NEOs did not increase from 2017. Prior to 2017, Tiptree paid Tricadia an annual fee of \$100,000 for the services of Mr. Barnes under a Transition Services Agreement (the “TSA”). See “Certain Relationships and Related Transactions — Transactions with Related Persons.” Effective February 1, 2018, Mr. Barnes entered into an employment agreement with Operating Company, as described above, and the CNG Committee approved a base salary of \$300,000 for him to provide a competitive base salary with that of executive chairpersons of comparable organizations based on the CNG Committee’s experience.

Base salaries for Messrs. Barnes, Ilany and Rifkind and Ms. Bell are based on competitive market rates for experienced executives of comparable organizations.

Incentive Compensation-Pool Determination

Our incentive compensation in 2018 consisted of performance-based annual cash incentive awards and annual long-term equity incentive awards. For 2018 the incentive compensation pool for NEOs was based on a percentage of Adjusted EBITDA prior to payment of the incentive compensation of the Executive Committee, as presented in the Company’s SEC filings, subject to achievement of an Adjusted EBITDA in 2018 in an amount at least equal to

or greater than half of the Adjusted EBITDA in 2017. In 2018 Adjusted EBITDA⁽¹⁾ was \$28.8 million, which is 76% of 2017 Adjusted EBITDA of \$38 million resulting in the satisfaction of the performance target.

⁽¹⁾ For a reconciliation to GAAP financials, see “Annex A: Non-GAAP Measures”

The CNG Committee, after consideration of a variety of factors, including the achievements described under “2018 Company Performance” above, approved a 2018 incentive compensation pool based on a percentage of the Company’s Adjusted EBITDA.

Incentive Compensation-Pool Determination — Executive Committee

The CNG Committee established a 2018 incentive compensation pool for the Executive Committee that is equal to 7.5% of Adjusted EBITDA, allocated as follows:

<u>Percentage of 2018 Adjusted EBITDA</u>	
	<u>Target</u>
Michael Barnes Executive Chairman	3%
Jonathan Ilany Chief Executive Officer	4.5%

In 2018, the CNG Committee determined to pay the target percentage set forth in the table above to the Executive Committee due to the achievements described under “2018 Company Performance” above. For 2018 the incentive compensation pool for the members of the Executive Committee was allocated 55% in the form of cash, 30% in the form of RSUs with three-year cliff vesting and 15% in the form of performance-vested and time-vested options.

Incentive Compensation-Pool Determination — Other NEOs

For 2018, the CNG Committee established an incentive compensation pool for the NEOs other than the Executive Committee of up to a maximum of 4.5% of Adjusted EBITDA prior to payment of the incentive compensation of the Executive Committee. In 2018, the CNG Committee awarded aggregate incentive compensation to the NEOs other than the Executive Committee in an amount equal to approximately 3.7% of Adjusted EBITDA, in the aggregate, prior to payment of the incentive compensation of the Executive Committee, which was less than the maximum. The actual bonus amount for each applicable executive was determined by the CNG Committee in its discretion in consultation with the Executive Committee, based 50% on the Company’s Adjusted EBITDA relative to the prior year and 50% on the CNG Committee’s qualitative assessment of individual performance for 2018 considering the NEO’s role, leadership responsibilities and retention considerations. For each of the NEOs other than the Executive Committee, 80% of the incentive compensation was allocated in the form of cash and 20% in the form of RSUs that vest ratably over three years. Other than annual vesting rather than cliff vesting, the RSUs for the other NEOs have the same terms as the RSUs granted to the Executive Committee, as described above.

Incentive Compensation-Performance-Based Annual Cash Incentive Awards — Executive Committee

For 2018, the performance-based annual cash incentive award allocation to the Executive Committee was 55% of the available incentive compensation pool for the Executive Committee (with the remaining 45% in the form of annual long-term equity awards as described below). The actual cash incentive awards earned by each member of the Executive Committee in 2018 were as follows:

Name	Annual Cash Incentive Award
Michael Barnes	\$522,973
Jonathan Ilany	\$784,460
Total	\$1,307,433

Incentive Compensation-Performance-Based Annual Cash Incentive Awards — Other NEOs

For 2018, the Executive Committee made an annual cash incentive payout recommendation for the other NEOs, which was approved by the CNG Committee. In developing recommendations for the other NEOs, the Executive Committee considered the overall performance of Tiptree, as well as the individual performance of each other NEO. For the other NEOs in 2018, on an aggregate basis, annual cash incentives comprised 80% of the incentive compensation awarded with the remaining 20% consisting of RSUs vesting ratably over three years.

Name	Annual Cash Incentive Award
Sandra Bell	\$420,000
Neil Rifkind	\$440,000
Total	\$860,000

Incentive Compensation-Annual Long-Term Equity Incentive Awards

For 2018, the annual long-term equity incentive award allocation to the Executive Committee was 45% of the available incentive compensation pool for the Executive Committee, and was granted 30% in the form of RSUs and 15% in the form of performance- and time-vested options. The number of RSUs granted was determined by dividing 30% of each Executive Committee member's total dollar amount allocated to him under the 2018 incentive compensation pool by \$6.3162, which was the volume weighted average price (the "VWAP") of the Company's common stock for the 10 trading days prior to the grant date of February 26, 2019. The number of stock options was determined by dividing 15% of each Executive Committee member's total dollar amount allocated to him under the 2018 incentive compensation pool by a number equal to 25% of the VWAP.

Incentive Compensation-Annual Long-Term Equity Incentive Awards — Executive Committee

The following table describes the number of RSUs and options granted to the Executive Committee members for 2018.

Name	RSU Awards (#)	Option Awards (#)
Michael Barnes	45,163	90,326
Jonathan Ilany	67,744	135,489
Total	112,907	225,815

The grant of RSUs and options was intended to provide significant alignment of the interests of the Executive Committee with other stockholders by tying the compensation of the Executive Committee members to share price appreciation.

RSUs granted to the Executive Committee cliff vest after three years, subject to accelerated vesting on a change of control, termination of employment without cause, as defined below, or by the executive for good reason (as defined in the Employment Agreements) or the executive's death or disability. All unvested RSUs will be forfeited on the executive's voluntary termination of employment (other than Retirement (defined below)) or termination of employment for cause (as defined below). RSUs are credited with dividend equivalents from the date

of grant through the settlement date. Dividend equivalents are paid in the same form (i.e., cash or stock) as the dividend and on the same dividend payment date as outstanding shares of stock.

The performance-vesting criteria of the stock options are intended to incentivize the Executive Committee to take actions to close the gap between the Company's GAAP book value per share and stock trading price and to compensate the members of the Executive Committee only if they successfully raise the Company's stock price over the long-term. The stock options also were intended to encourage the retention of the members of the Executive Committee through the time-vesting criteria.

The exercise price of the stock options granted on February 26, 2019 was \$6.26, which was the closing stock price on the date of grant. Each of the stock options has a ten-year term and is subject to the following performance- and time-based vesting criteria (each of which must be met for the stock option to vest):

Performance Vesting: Achievement at any time during the option term of a 20-day volume weighted average stock price plus the sum of actual cash dividends paid following issuance of the option that exceeds the December 31, 2018 book value per share (which was \$10.79).

Time Vesting: 1/3 on each of the third, fourth, and fifth anniversaries of the date of grant.

The time-vesting requirement of the options is deemed satisfied upon a change of control, an executive's death or disability or in the case of a termination of employment without cause, as defined below, (or by the executive for good reason (as defined in the Employment Agreement)) or due to Retirement (defined below). If the option is assumed by a successor in a change of control, the option will remain outstanding and vest on achievement of the performance requirement. If the option is not assumed, the option will become immediately exercisable on a change of control. All unvested stock options will be forfeited on an executive's voluntary termination of employment (other than Retirement (defined below)) or termination of employment for Cause (defined below).

For purposes of the RSUs and stock options, "cause" means any one of the following:

- any event constituting "cause" as defined in an employment agreement, if any, then in effect between the executive and the Company or any of its affiliates,
- the executive's engagement in misconduct which is materially injurious to the Company or any of its affiliates,
- the executive's failure to substantially perform his or her duties to the Company or any of its affiliates,
- the executive's repeated dishonesty in the performance of his or her duties to the Company or any of its affiliates,
- the executive's commission of an act or acts constituting any fraud against, or misappropriation or embezzlement from, the Company or any of its affiliates, a crime involving moral turpitude, or an offense that could result in a jail sentence of at least 30 days; or
- the executive's material breach of any confidentiality or non-competition covenant entered into between the executive and the Company or any of its affiliates.

For purposes of the RSUs and stock options, "Retirement" means termination by the employee of his or her service with the Company following the employee's attainment of age 65 and completion of a minimum of five continuous years of service with the Company. Retirement will generally mean that the employee is not working at all except for certain limited exceptions. Mr. Ilany has satisfied the age but not the service requirement under this Retirement definition.

Incentive Compensation-Annual Long-Term Equity Incentive Awards — Other NEOs

The Executive Committee made an annual long-term equity incentive recommendation for the other NEOs, which was approved by the CNG Committee. In developing recommendations for the other NEOs, the Executive Committee considered the overall performance of Tiptree, as well as the individual performance of each other NEO.

The following table describes the number of RSUs that vest annually in three equal installments, granted to the NEOs other than the Executive Committee for 2018.

Name	RSUs (#)
Sandra Bell	16,624
Neil Rifkind	17,416
Total	34,040

Other than annual vesting over three years on February 15 of each year, rather than cliff vesting, the RSUs for the other NEOs have the same terms as the RSUs that were granted to the Executive Committee, as described above.

Tax Deductibility of NEO Compensation

Prior to the enactment of the Tax Cuts and Jobs Act on December 22, 2017 (“Tax Act”), Section 162(m) of the Internal Revenue Code (“Section 162(m)”) generally imposed a \$1 million limit on the deduction that a company could claim in any tax year with respect to compensation paid to each of its Chief Executive Officer and its three most highly compensated NEOs (other than the Chief Executive Officer and Chief Financial Officer) with certain exceptions for qualified “performance based” compensation. The Tax Act eliminated the Section 162(m) performance-based compensation exemption prospectively and made other changes to Section 162(m). Our CNG Committee has and may approve compensation arrangements for our NEOs that are not fully deductible under Section 162(m) and specifically reserves the right to do so.

Response to Say on Pay Advisory Vote and Stockholder Feedback

At our 2017 Annual Meeting of Stockholders, our advisory vote to approve compensation of our NEOs received the support of 72.41% of the votes cast. Our management met with several of our largest stockholders in 2018 and communicated stockholder feedback and comments to our CNG Committee, who considered that information in making 2018 compensation decisions.

(1) Based on the closing stock price on the date the RSUs vested. For Mr. Ilany, the value realized on vesting is based on the common stock closing price of \$6.10 on January 3, 2018, the date such RSUs vested.

Ms. Bell's 25,219 RSUs that vested in 2018 vested on three separate dates and therefore the value realized on vesting is based on the sum of \$30,957.50 (representing 5,075 RSUs that vested on January 4, 2018 with a common stock closing price of \$6.10), \$38,686.30 (representing 6,557 RSUs that vested on February 22, 2018 with a common stock closing price of \$5.90), and \$95,109 (representing 13,587 RSUs that vested on July 2, 2018 with a common stock closing price of \$7.00).

Mr. Rifkind's 19,819 RSUs that vested in 2018 vested on three separate dates and therefore the value realized on vesting is based on the sum of \$33,550 (representing 5,500 RSUs that vested on January 3, 2018 with a common stock closing price of \$6.10), \$45,750 (representing 7,500 RSUs that vested on January 4, 2018 with a common stock closing price of \$6.10) and \$40,232.10 (representing 6,819 RSUs that vested on February 22, 2018 with a common stock closing price of \$5.90).

Potential Payments to Named Executive Officers Upon Termination or Change in Control

The Employment Agreements provide for severance payments if the employment of an NEO is terminated by the Company without "cause" (as defined in the Employment Agreement) or due to disability or death, or by such NEO for "good reason" (as defined in the Employment Agreement). Upon such a termination, then, subject to the execution of a general release, each NEO will be entitled to receive (i) a lump sum severance payment in an amount equal to (A) in the case of Messrs. Barnes and Ilany, (I) two times base salary and (II) the average of the annual bonuses paid to the executive with respect to the two calendar years immediately preceding the year that termination occurs, multiplied by one plus a fraction, the numerator of which is the number of full months of employment the executive completed in the year in which termination occurs and the denominator of which is twelve and (B), in the case of Ms. Bell and Mr. Rifkind, one times base salary and the prior year's annual bonus, provided that in the case of a termination of employment due to an executive's death or disability, any severance pay will be reduced by amounts payable to an executive, or his or her estate, under an employer sponsored plan; (ii) any earned but unpaid annual bonus with respect to any performance period that ends in the calendar year prior to the calendar year in which termination occurs, payable solely in cash; (iii) full vesting with respect to the time-based vesting condition (immediately in the case of death or disability and in accordance with their vesting schedule in the case of termination without cause) of any then outstanding unvested equity awards with respect to the time-based vesting condition of any then outstanding unvested equity awards (awards subject to performance-based vesting conditions remain outstanding for their term and eligible to vest on achievement of the performance requirement); and (iv) payment of the cost of COBRA premiums above the active employee rate through the earlier of 18 months following termination and the date the executive becomes eligible for comparable coverage with a subsequent employer.

We do not have severance arrangements with our NEOs in connection with a change of control. However, upon the occurrence of a change of control, RSU awards granted to the NEOs are accelerated and the time-vesting requirement of the stock options granted to our NEOs is waived. If the stock option is assumed by a successor in a change of control, the option will remain outstanding and eligible to vest on achievement of the performance requirement. If the option is not assumed, the option will become immediately exercisable on a change of control.

Michael Barnes

- If Mr. Barnes' employment was terminated by the Company without cause or due to his death or disability (or he terminated employment for good reason) as of December 31, 2018, he would have been entitled to receive a total severance of \$2,461,188, which represents two times his base salary and the average of his annual bonus for the past two calendar years multiplied by two. - Upon a change of control, Mr. Barnes' and Tricadia's unvested RSUs become fully vested. His 46,666 unvested RSUs and Tricadia's 109,736 RSUs as of December 31, 2018, with an aggregate market value of \$874,287 based on the Company's closing stock price of \$5.59 as of December 31, 2018 would become fully vested.

His 250,243 unvested RSUs as of December 31, 2018 would remain outstanding and vest immediately in the case of death or disability or in accordance with their vesting schedule in the case of termination without cause.
- Upon a change of control, Mr. Ilany's 250,243 unvested RSUs as of December 31, 2018, with a market value of \$1,398,858 based on the Company's closing stock price of \$5.59 as of December 31, 2018, would also become fully vested.
- Mr. Ilany's stock options will be subject to the termination or change of control provisions described above.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures with Respect to Related Party Transactions

Pursuant to the Related Person Transaction Policy set forth in the Charter of the Audit Committee of the Board of Directors, the “Related Person Transaction Policy” requires that all related party transactions (generally, transactions involving amounts exceeding \$120,000 in which a related party (directors, director nominees and executive officers or their immediate family members, or stockholders owning 5% or more of our outstanding stock) had or will have a direct or indirect material interest) shall be subject to pre-approval or ratification by the Audit Committee in accordance with the following procedures. No related party transaction shall be approved or ratified if such transaction is contrary to our best interests.

Each party to a potential related party transaction is responsible for notifying our Chief Compliance Officer (or such other person as the Audit Committee may require) of the potential related person transaction in which such person or any immediate family member of such person may be directly or indirectly involved as soon as he or she becomes aware of such transaction. Except in circumstances where such transaction is expected to qualify as an ordinary course transaction (generally: (i) transactions that occur between the Company or any of its subsidiaries and an entity for which any related person serves as an executive officer, partner, principal, member or any similar executive or governing capacity; (ii) an ordinary course transaction in which such related person has an economic interest that does not afford such related person control over such entity on terms and conditions no less favorable to the Company; or (iii) immaterial relationships and transactions in the Instructions to Item 404(a) of Regulation S-K of the Securities Act), such notification should be made prior to the time that the transaction is entered into and such notice shall provide the Chief Compliance Officer (or such other person) a reasonable opportunity, under the circumstances, for the required review of such transaction to be conducted before execution. Our Chief Compliance Officer (or such other person) will determine whether the transaction should be submitted to the Audit Committee for consideration. Unless the Audit Committee otherwise determines after having been notified, any proposed transaction directly between the Company and any related party transaction should be reviewed and approved by the Audit Committee prior to the time that such transaction is entered into.

While our Chief Compliance Officer (or other person) should be notified of any related party transaction that is expected to qualify as an ordinary course transaction, ordinary course transactions shall not be related person transactions and do not require Audit Committee approval under our Related Person Transactions Policy. Our Chief Compliance Officer (or such other person) shall be responsible for making the initial determination as to whether any transaction appears to be within the scope required to be disclosed pursuant to Item 404(a) of Regulation S-K or whether such transaction is, in fact, an ordinary course transaction and must take all reasonable steps to ensure that all related party transactions or any series of similar transactions required to be disclosed pursuant to Item 404(a) of Regulation S-K are presented to the Audit Committee for pre-approval or ratification, if required under the Charter of the Audit Committee, at such Committee’s next regularly scheduled meeting, or by consent in lieu of a meeting if deemed appropriate.

The Audit Committee shall review and assess the adequacy of our related party transaction policy and procedures annually and adopt any changes it deems necessary. Annually, each of our executive officers and directors shall acknowledge their familiarity and compliance with our Related Person Transaction Policy.

Transactions with Related Persons

Tricadia

On February 15, 2019, the Company and Tricadia Holdings, L.P., Tricadia Capital Management, LLC, Tricadia Holdings GP, LLC, Tricadia Holdings and Tricadia GP Holdings LLC. (collectively, “Tricadia”) entered into a Strategic Combination Agreement and Amended and Restated the then existing TSA. Tricadia is a related party of the Company because Tricadia is deemed to be controlled by Michael Barnes, the Company’s Executive Chairman. Tiptree agreed to invest \$75 million to seed new investment funds to be managed by Tricadia in exchange for management control of and a profit participation in Tricadia.

No consideration was paid for the acquisition of control by Tiptree. Tiptree will over time receive a 51% economic interest in certain profit shares interests in Tricadia, in increments stepping up by 10.2% each year, beginning in 2021. During the five-year period, beginning on January 1, 2026, Tiptree has the right to acquire the remaining economic interests in Tricadia that are held by Mr. Barnes, based upon a fair value-based formula. During the four-year period, beginning on January 1, 2027, Mr. Barnes has the reciprocal right to put his remaining economic interests in Tricadia to Tiptree using the same formula. Mr. Barnes has customary minority approval rights over specified actions at Tricadia while a Tricadia equity owner. Tiptree and Tricadia have agreed to provide each other with certain support services on an arms’-length basis, pursuant to the TSA. At the present time, the services consist primarily of Tiptree providing to Tricadia office space, legal and compliance services, information technology services, insurance coverage, and certain finance, accounting and tax services.

Under the then-existing version of the TSA, Tricadia previously provided Tiptree with, among other things, the services of Mr. Barnes, Tiptree’s Executive Chairman. This service was terminated effective December 31, 2017. Through the date of the filing of this proxy statement, the Company paid an immaterial amount to Tricadia under the then-existing version of the TSA.

AUDIT COMMITTEE REPORT

The Audit Committee oversees our financial reporting process on behalf of our Board of Directors, in accordance with the Audit Committee charter. Management has the primary responsibility for the preparation and presentation and integrity of our financial statements and has represented to the Audit Committee that such financial statements were prepared in accordance with generally accepted accounting principles. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the 2018 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

Our Audit Committee reviewed with our independent auditors, who are responsible for auditing our financial statements and for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgment as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee under Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 1301, *Communications with Audit Committees*. In addition, the Audit Committee has received from our independent auditors written disclosures regarding the auditors' independence required by PCAOB Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*, and has discussed with the independent auditors, their independence from the Company and its management. In concluding that the independent auditors are independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the independent auditors were compatible with its independence.

Our Audit Committee discussed with our independent auditors the overall scope and plans for their audit. Our Audit Committee met with our independent auditors, with and without management present, to discuss the results of their examinations, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors that the audited financial statements be included in the 2018 10-K filed with the SEC.

STOCK PERFORMANCE GRAPH

Set forth below is a line-graph presentation comparing the cumulative total return on our common stock against cumulative total returns of the Russell 2000 and the S&P North American Financial Services Index⁽¹⁾. The performance graph shows the total return on an investment of \$100 for the period beginning December 31, 2013 and ending December 31, 2018 assuming reinvestment of dividends. The stockholder return shown on the graph below is not necessarily indicative of future performance, and we will not make or endorse any predictions as to future stockholder returns. The graph and related data were furnished by ICR, LLC.

(1) We believe it is difficult to develop a peer group of companies similar to Tiptree as Tiptree owns subsidiaries engaged in a number of diverse business activities. However, management views Tiptree and its subsidiaries as primarily engaged in financial services as of December 31, 2018 and accordingly, management has used the Standard and Poor’s North American Financial Services Index for comparative purposes.

ADDITIONAL INFORMATION

Solicitation of Proxies

We will pay the cost of solicitation of proxies. In addition to the solicitation of proxies by mail, our directors, officers and employees may also solicit proxies personally or by telephone without additional compensation for such activities. We may also request persons, firms and corporations holding shares in their names or in the names of their

nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from such beneficial owners. We will reimburse such holders for their reasonable expenses. We have hired Morrow to help us distribute and solicit proxies. We will pay approximately \$2,500 in fees, plus expenses and disbursements, to Morrow for its proxy solicitation services.

Stockholder Proposals

Proposals for Inclusion in the Proxy Statement.

Tiptree welcomes comments or suggestions from its stockholders. Under the Exchange Act, if a stockholder wants to include a proposal for consideration in our proxy statement and on proxy card with respect to our 2020 Annual Meeting of stockholders, the proposal must be received in writing at Tiptree Inc., 299 Park Avenue, 13th Floor, New York, New York 10171, Attn: Secretary, no later than 5:00 p.m., Eastern Time, on December 28, 2018. Such proposals must comply with all applicable requirements of Rule 14a-8 promulgated under the Exchange Act (“Rule 14a-8”) and our Bylaws.

Proposals to be Offered at an Annual Meeting.

Article II, Section 10 of our Fourth Amended and Restated Bylaws provides certain procedures that a stockholder must follow to nominate persons for election as directors or to introduce an item of business at an annual meeting if such matter is not intended to be considered for inclusion in our proxy statement pursuant to Rule 14a-8. These procedures provide that such nominations for director nominees and/or items of business must be submitted in writing to the Secretary of the Company at Tiptree Inc., 299 Park Avenue, 13th Floor, New York, New York 10171, Attn: Secretary and must be received by the Secretary no earlier than November 24, 2019 and no later than December 24, 2019.

If the 2020 Annual Meeting is not within 30 days before or after the anniversary of this year’s Annual Meeting, we must receive notice no earlier than the 150th day prior to such meeting and not later than the close of business on the later of the 120th day prior to such meeting or the 10th day following the public announcement of the meeting date. If a shareholder does not meet these deadlines, or does not satisfy the requirements of Rule 14a-8, the persons named as proxies will be allowed to use their discretionary voting authority when and if the matter is raised at the Annual Meeting.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be “householding” our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the impacted stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. Stockholders may revoke their consent at any time in writing to Tiptree Inc., 299 Park Avenue, 13th Floor, New York, New York 10171, Attn: Secretary or by calling our corporate number at (212) 446-1400.

Upon request, we will promptly deliver a separate copy of this proxy statement, the Annual Report and any other proxy materials to any stockholder at a shared address to which a single copy of any of those documents was delivered. Stockholders may request a separate copy of this proxy statement, the Annual Report or any other proxy materials by writing to Tiptree Inc., 299 Park Avenue, 13th Floor, New York, New York 10171, Attn: Secretary or by calling our corporate number at (212) 446-1400. In addition, if you are receiving multiple copies of this proxy

statement, Annual Report or other proxy materials, you can request householding by contacting our Secretary in the same manner.

OTHER MATTERS

Our Board of Directors does not know of any matters other than those described in this proxy statement that will be presented for action at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the best judgment of the proxy holders.

- (1) Corporate Debt interest expense includes Secured corporate credit agreements, junior subordinated notes and preferred trust securities. Interest expense associated with asset-specific debt in specialty insurance, asset management, mortgage and other operations is not added-back for Adjusted EBITDA and Operating EBITDA.
- (2) Represents total depreciation and amortization expense less purchase accounting amortization related adjustments at the Insurance Company. Following the purchase accounting adjustments, current period expenses associated with deferred costs were more favorably stated and current period income associated with deferred revenues were less favorably stated. Thus, the purchase accounting effect related to our Insurance company increased EBITDA above what the historical basis of accounting would have generated.
- (3) For Reliance, within our mortgage operations, Adjusted EBITDA excludes the impact of changes in contingent earn-outs. For our specialty insurance operations, depreciation and amortization on senior living real estate that is within net investment income is added back to Adjusted EBITDA. For Care (Discontinued Operations), the reduction in EBITDA is related to accumulated depreciation and amortization, and certain operating expenses, which were previously included in Adjusted EBITDA in prior periods.
- (4) Acquisition, start-up and disposition costs including legal, taxes, banker fees and other costs. Includes payments pursuant to a separation agreement, dated November 10, 2015.
- (5) Adjustment excludes Mortgage realized and unrealized gains and losses - Performing and NPLs as those are recurring in nature and align with those business models.
- (6) Removes the Operating EBITDA associated with third party non-controlling interests. Does not remove the non-controlling interests related to employee based shares.
